

Question:

I've been speaking with strata homes asking for an update on the football pitch which is going next the new community Center (see picture attached). They just emailed saying speak to Ackworth parish council so just wondering if you could advise.

Answer:

Thanks for your email, the image looks to be a Strata proposal plan and not something I recognise to be Ackworth Parish Council's plans with the land.

The land in question will eventually be gifted alongside the community centre to Ackworth Parish Council from Strata who currently own it.

No formal decision has been made by the Parish Council as to the use of that land circled at this stage.
