

Our Ref: SID 606 LW

8 March 2022

Dear Customer,

A1 Darrington Interchange Waterproofing – essential maintenance - UPDATE

We are contacting you again to provide you with an update on essential maintenance work taking place at Darrington Interchange on the A1.

Due to recent storms work planned for February, did not go ahead. We now have new dates when we plan to complete the work.

A-one+ working on behalf of National Highways (formerly Highways England) is carrying out essential maintenance work on the A1 Darrington Interchange bridge. Our work will ensure the carriageway and bridge joints are well maintained and protected from the weather; this reduces the need for future roadworks in the area.

What's happening and when?

We are renewing the waterproofing and expansion joints, road surface and markings on the bridge at Darrington Interchange.

This work is essential; we must complete it to ensure that this section of the A1 is reliable and safe to use for customers while reducing the need for unplanned road closures in the future.

We will close the A1 for a weekend and midweek overnight on: -

- **Southbound – From 9pm Friday 18 March to 6am Monday 21 March**
- **Southbound – From 9pm to 6am, Wednesday 23 and Thursday 24 March**

The work is weather dependent; should there be any further delay due to adverse weather conditions we will update customers via the National Highways website and social media.

A-one+, Area 12, Normanton House | Tyler Close | Normanton | WF6 1RL

A-one+ is a joint venture between Jacobs (CH2M Hill), Cottons Centre, Cottons Lane, London SE1 2QG- Registration No.07262036, Colas Ltd, Wallage Lane, Rowfant, Crawley, West Sussex, RH10 4NF - Registration No. 2644726, and Costain Limited, Costain House, Vanwall Business Park, Maidenhead, Berkshire, SL6 4UB – Registration No. 00610201

Closures and Diversions

During all the closures a fully signed diversion will be in place, and this has been agreed in advance with the police and local authority. We are working with partners to reduce motorway traffic on the local network by providing advanced warnings on the M1, M62 and A1M across the region.

All traffic

- For the Southbound closure HGV/Motorway traffic travelling south will be diverted off the A1M at Junction 32a near Ferrybridge onto the M62 and M18.

Additional information and how to contact us

Some of the equipment we use will be noisy and we realise the closures will result in longer journeys. We apologise in advance for the inconvenience this will cause.

If you would like to discuss any aspect of this scheme, or need further information, please contact Highways England **0300 123 5000** or email info@highwaysengland.co.uk.

Yours faithfully,
