

Information available from Ackworth Parish Council under the Model Publication Scheme

This guidance gives examples of the kinds of information the Information Commissioner's Office (ICO) would expect Ackworth Parish Council to provide in order to meet its commitments under the model publication scheme.

The ICO would expect Ackworth Parish Council to make the information in this definition document available unless:

- it does not hold the information.
- the information is exempt under one of the FOIA exemptions or Environmental Information Regulations exceptions, or its release is prohibited by another statute.
- the information is readily and publicly available from an external website; such information may have been provided by the public authority or on its behalf. The authority must provide a direct link to that information.
- the information is archived, out of date or otherwise inaccessible; or,
- it would be impractical or resource-intensive to prepare the material for routine release.
